

## HIGH SCHOOL SUPPORT STAFF NEEDED

**SDJA's Kayefet After School Care** Program for grades K-8 beginning on Monday, August 31<sup>st</sup>, 2009. The program will run throughout the year and will end Thursday, June 10<sup>th</sup>, 2010. In order to successfully run this program, we are seeking qualified high school students as support staff.

This program is a wonderful opportunity for you to gain experience in the work field, build your work history and add to your college applications. It also is a fantastic way to support your school community.

If, after reviewing the hours of operation, the job description and other information regarding this program, you are interested in applying for a student support staff position, please complete and return the application. You must have parental consent to participate and your application cannot be processed without their signature. Also, you must have at least two references fill out the reference form and have it returned to me.

The hours worked in this position can either be counted and used toward meeting your community service obligation or will be paid at \$7.50 per hour in credit toward your senior trip to Israel. A special account will be established in your name so that what you earn will go directly to help defray **your** trip costs.

We anticipate that some students will not be able to work during certain sport seasons. If selected, it is possible to not work during that particular season and then come back to the program when that sport is over.
